WSCF Staff Profile - What We Do!

Here is another member of our staff team.

Hi Everyone. My name is Dana Rosinski and I am the Learning and Development Worker. I have been in this position for about 9 years and have always enjoyed the challenges and the successes the position brings. I also coordinate the Translation Project - another exciting project that opened my eyes into the beauty and the complexities of languages, and I'm constantly learning about the ever changing cultural make up of the Australian community.

On a personal note - I was born in Poland and am keen to preserve some of the polish traditions I grew up with to the great delight of my son.
