

Western Sydney HACC/ Community Care Managers Forum- 17 March 2010

“Improving HACC service delivery through linkages with other human services”

In April-August 2010, ADHC will be holding consultations with HACC service providers. The results will feed into the next NSW HACC Triennial Plan for 2011-2014.

In anticipation of that, WSCF is initiating a discussion among HACC service managers in Cumberland Prospect-Nepean on an important focus of the consultation: what would HACC need from other mainstream services to improve HACC service delivery? How do we establish these linkages? What strategies could we recommend at the regional level?

The session on 17 March will be a guided brainstorming process which will be a vital contribution to the regional HACC Triennial Planning process.

This session is important for HACC service managers, HACC senior coordinators, or those holding a HACC service planning/inter-agency coordination role, to attend.

when | Wednesday 17 March 2010, 10:00 a.m. to 12:30 p.m.

where | WSCF office- Level 4, 146 Marsden St, Parramatta
