

# Greater Western Sydney Industry Led Bootcamp

## Organisational Readiness

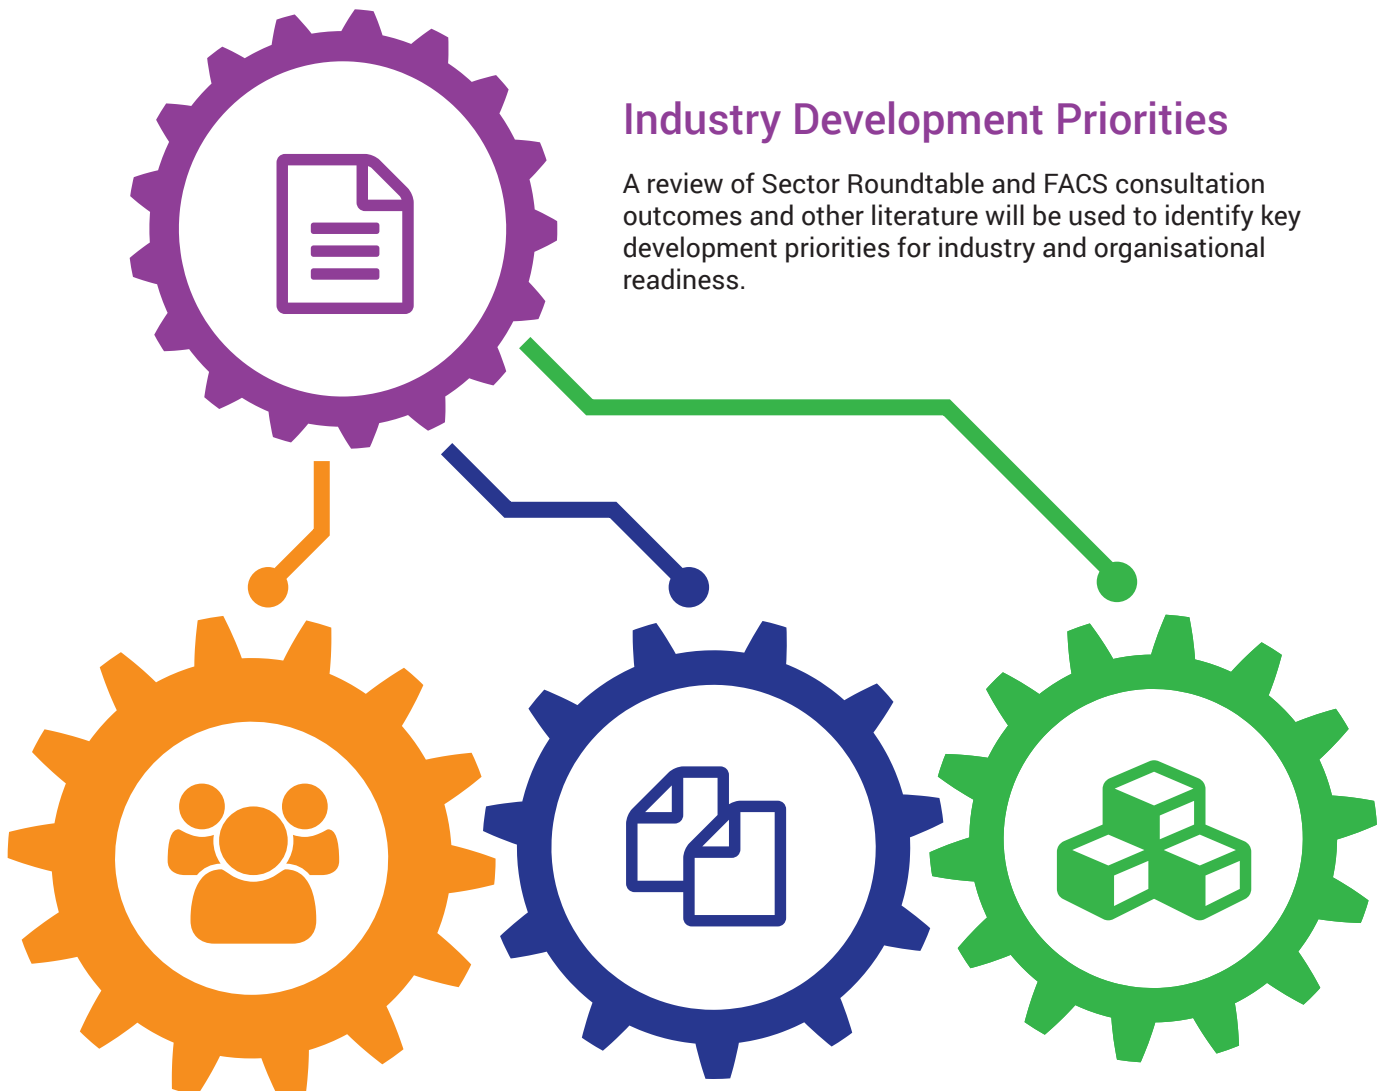

Western Sydney Community Forum recognises the challenges that reform brings.

The Organisational Readiness Bootcamp initiatives will support agencies to navigate change, to take advantage of opportunities and to effectively respond within a complex environment.

### Industry Development Priorities

A review of Sector Roundtable and FACS consultation outcomes and other literature will be used to identify key development priorities for industry and organisational readiness.

### Adaptive Leadership Training

A series of Adaptive Leadership sessions will be held across the region, utilising expert insights to support the industry to navigate the changing landscape of the sector.

### How to Guides

As part of its "How to Guides" series, WSCF will produce specific guides addressing the development priorities identified by the sector, such as Marketing and Branding, Measurement and Evaluation and working with Aboriginal and Torres Strait Islander communities.

### One on One Support

WSCF will provide One on One Support for agencies through Tailored Solutions, In-House Facilitation and Customised Training services, in areas such as Strategic and Organisational planning, Continuous Improvement and Organisational Mentoring
